Dear Mike:

Words cannot express my thanks to you for helping me move to our new location. It is only with the help of people like you, Elbert, and Roland that I can continue the work of Dare to Dream. Elbert was very thorough and Roland and his team were true professionals. You can be very proud of your team. They treated every piece of furniture with extra care and I am grateful.

Helping abused, neglected, and foster children to dream and trust again is not an easy task. It is a call that God has given me, and I wouldn't change it for anything. Every child needs someone to speak for them - especially the wounded.

This is my twenty first year in ministry, and there is much work to be done. I pray that you and your men be abundantly blessed for taking the precious time to help me.

God bless you and your family.
