ATTENTION PROPERTY MANAGERS! DANGER "WILL MOVING!"

When your tenants' leases expire, the real challenges begin. Improperly managed moves can damage common areas, overload freight elevators, and create liability issues that fall back on you. Move Solutions has forty years of experience working directly with property management teams to ensure smooth transitions that protect you, your building and your reputation.

"Will Moving," that famous robot from the classic television show "Lost in Moving," we're here to protect you from the unexpected dangers that lurk in every tenant transition.

"WILL MOVING" SAYS THE GOOD NEWS IS...

10 Office Move Risks That Move Solutions Eliminates for Property Management.

1. Fraudulent sale of your project to secret contractors

Move Solutions: Transparent and documented, all moves videoed/photoed to the cloud.

2. Liability from uninsured movers working in your building

Move Solutions: Verified \$5 million liability coverage that protects your interests first.

3. Business disruption causing tenant dissatisfaction

Move Solutions: Flexible after-hours moving options that minimize disruption to other tenants.

4. Spaces left in non-compliant condition after tenant departure

Move Solutions: Complete tenant space restoration, ensuring lease-compliance.

5. Wall damage and scuffed floors in common areas

Move Solutions: Comprehensive building protection systems for all common areas and high-traffic zones.

6. Abandoned cables creating fire hazards and code violations

Move Solutions: Certified low-voltage cable removal from plenum areas to meet building codes.

7. Disputes over pre-existing building damage claims

Move Solutions: Pre- and post-move inspection documentation with digital evidence of building condition.

8. Communication issues between moving teams and property staff

Move Solutions: Dedicated property manager liaison who serves as your single point of contact.

9. Security compromises during after-hours access

Move Solutions: Expert coordination with building security systems and protocols.

10. Lobby congestion creating negative impressions for visitors and tenants

Move Solutions: Strategic traffic flow management with designated pathways to minimize building congestion.
