Dear Michael,

On behalf of everyone here at Central Dallas Ministries, including our staff and everyone who works and resides at *CityWalk@Akard*, I want to express our heartfelt thanks for your assistance with outfitting and completing the furnishings for the *Robert E. Glaze Community Room and Roof Deck*!

Your generosity in providing us the connections we needed to get the job done quickly and in a high class manner means so much to us. The donation of your services in regard to transporting and installing all of the furnishings was most generous indeed.

What a privilege it is to work with a company like yours!

What a benefit to have a friend like you!

Please know that your generosity and cooperation have contributed to the creation of a great community gathering space in one of the most unique buildings in the central business district of Downtown Dallas. The people who live, work and gather here will benefit from your gifts for many years to come.

We remain very grateful.

Best regards,

Larry James
